Important Rate Information for Commercial and Industrial Customers

On July 14, 2009, the Florida Public Service Commission (FPSC) revised Tampa Electric's recently approved annual base revenue increase by an additional \$9.3 million effective August 13, 2009, and an additional \$516,000 beginning January 1, 2010 based on a recalculation of the required annual revenues. The \$9.3 million base revenue increase will raise the current monthly bill for commercial and industrial customers. However, the total base rate increase is more than offset by our lower fuel charge, which was approved by the FPSC earlier this year.

Enclosed is some important information about our rates. We have several rate schedules for our commercial and industrial customers. Depending on the actual maximum electricity load your facility requires, we will select the appropriate commercial or industrial rate schedule. (Your rate schedule appears in the center portion of your bill, under "New Charges.")

Rate schedules are subject to gross receipts taxes, city and state taxes, and franchise fees, where applicable. A late payment charge may be applied to any unpaid balance on your electric bill that is not paid by the past due date.

As of August 13, 2009

Standard General Service, Demand (GSD)

Customer Charge:	\$57.00 per month
Demand Charge:	\$10.61 per kW
Energy Charge:	1.756 ¢ per kWh
Fuel Charge:	5.149 ¢ per kWh

Optional General Service, Demand (GSD-option)

Customer Charge:	\$57.00 per month
Energy Charge:	6.443 ¢ per kWh
Fuel Charge:	5.149 ¢ per kWh

Time-of-Day General Service, Demand (GSDT)

Customer Charge:	\$57.00 per month	
Demand Charge:	\$ 5.21 per kW of billing demand, plus \$ 5.40 per kW of peak billing demand	
	On-Peak (¢ per kWh)	Off-Peak (¢ per kWh)
Energy Charge:	3.027	1.237
Fuel Charge:	6.309	4.655

General Service Demand Rate Schedules

The charges assume meter and service at secondary voltage. The energy charge includes 0.808 cents per kilowatt-hour (kWh) for rate schedule GSD-option for the conservation, environmental and capacity cost recovery charges. The energy charge includes 0.223 cents per kWh for rate schedules GSD and GSDT for the environmental cost recovery charge. The billing demand charges for rate schedules GSD and GSDT, respectively, include \$2.46 per kW for the conservation and capacity cost recovery charges.

The fuel charge is used to pay the fuel suppliers and does not profit Tampa Electric.

As of August 13, 2009

Interruptible Service (IS) - Closed to new customers

Customer Charge:	\$622.00 per month
