Timer Device (Timed Service)	\$6.81	\$1.29
PT Bracket (accommodates two post top fixtures)	\$3.85	\$0.05

LIFE RUNS ON ENERGY®

Important Rate Information for Lighting Customers

This bill insert contains important information about your 2012 electric bill, including changes in fuel charges and other energy-related rates.

Each January, Tampa Electric puts into effect the fuel charges that were approved by the Florida Public Service Commission in the company's annual fuel filing. Fuel costs are passed through from fuel suppliers to our customers with no markup or profit to Tampa Electric.

If you have any questions about your lighting account, please visit tampaelectric.com/residentiallighting or tampaelectric.com/businesslighting or call Customer Care and follow the prompts for street lighting.

* Currently closed to new business.

These rate schedules are subject to gross receipts taxes, city and state taxes, and franchise fees, where applicable. The energy charge includes conservation, environmental and capacity cost recovery charges of 0.672 cents per kWh. The fuel charge, 4.129 cents per kWh, is used to pay the fuel suppliers and does not profit Tampa Electric. A customer charge of \$10.50 per month will be added to metered (customer-owned) street lighting accounts.
