

HERE'S HOW TO SAVE.

Select an energy audit that's right for you.

Free Online Energy Audit

Complete a free personalized audit at tampaelectric.com/energyaudit. Our online audit lets you set up helpful alerts, monitor usage, tap into informative videos and more. Our energy experts encourage you to revisit your personalized audit throughout the year to monitor your usage, review seasonal tips and more.

Free In-Home Energy Audit

Schedule a convenient time for a free In-Home Energy Audit. One of our Nationally Certified energy analysts will evaluate your heating & cooling system, ductwork, insulation and other areas throughout your home to find ways you can start saving immediately.

Comprehensive Audit

Our Comprehensive Audit provides an in-depth energy evaluation of your entire home. In addition to measuring your home, windows, doors and insulation levels, one of our Nationally Certified energy analysts will compile a list of specs based on your heating & cooling system and other appliances. The Comprehensive Audit is only \$15.

BERS Audit

You may also opt for an on-site Building Energy Efficiency Rating System (BERS) test to rate your home's energy efficiency. The cost of a BERS test ranges from \$95 to \$239, depending on the level of analysis performed.

Visit tampaelectric.com/save to sign up and learn more about all our energy-saving programs. You can also **call our energy experts at 813.275.3909 on weekdays from 8 a.m. to 5 p.m.**

MAXIMIZE YOUR SAVINGS WITH THESE OTHER PROGRAMS

Energy Planner

Take control of your energy savings by taking advantage of lower rates—it's free.

Ceiling Insulation

Receive a certificate that you can use to help pay for added insulation in your attic.

Ductwork

Schedule a duct check and we'll inspect and seal any leaks for as little as \$125 per heating and cooling unit.

Heating and Cooling

Install a high-efficiency heating and cooling system and receive a rebate up to \$135.

ENERGY STAR Smart Thermostat

A certified smart thermostat that controls heating & cooling can help you save money and earn a rebate up to \$50.

ENERGY STAR Pool Pump

Earn a rebate up to \$350 when you install a certified pool pump for a residential in-ground pool or spa.
