

# POWER SAVINGS

## Select an energy audit that's right for you.

### FREE ONLINE ENERGY AUDIT

Completing a free personalized audit at [TampaElectric.com/EnergyAudit](https://TampaElectric.com/EnergyAudit) allows you to understand your energy use and explore helpful videos, seasonal tips and insights to save all year long.

### FREE IN-HOME ENERGY AUDIT

Schedule a convenient no-cost In-Home Audit with one of our nationally certified energy analysts. You'll discover how your heating and cooling system, ductwork, insulation and other key areas impact your energy use and learn how to start saving right away.

### COMPREHENSIVE AUDIT

Our Comprehensive Audit provides an in-depth energy evaluation of your entire home. In addition to measuring your home, windows, doors and insulation levels, one of our nationally certified energy analysts will compile a list of specs based on your heating and cooling system and other appliances. The Comprehensive Audit is just \$15 .

### BERS AUDIT

Our on-site Building Energy Efficiency Rating System (BERS) test rates your home's energy efficiency. The cost of a BERS test ranges from \$95 to \$239, depending on the level of analysis performed.

Visit [TampaElectric.com/Save](https://TampaElectric.com/Save) to sign up and explore more ways you can save energy and money. You can also call our energy experts at **813-275-3909** from 8 a.m. to 5 p.m. weekdays.
