Accepted CT Metering Cabinet Enclosures

Please note that other CT cabinets can be used or fabricated if they meet or exceed the eight minimum requirements in Tampa Electric's Standard Electrical Service Requirements (SESR). Many fabrication shops such as Arrow Sheet Metal in Tampa, Quality Metal Works in Plant City, and Superior Metal Fabricators in Orlando have all built acceptable CT cabinets in accordance with the CT cabinet specifications in Tampa Electric's SESR. If you have questions, please contact your Tampa Electric representative.

Accepted CT Metering Cabinet Enclosure List

Manufacturer	Catalog Number	Inside Dimensions		
		Height	Width	Depth
