Audit and money-back
rebates for installing
energy-efficient
equipment.

POWER SAVINGS FOR YOUR BUSINESS

EXPLORE ENERGY-SAVING OPTIONS WITH REBATES

Lighting

Earn a rebate when you install energy-efficient lighting systems that help reduce your electricity demand.

Variable Frequency Drive and Motor Controls

Maximize your production efficiency and reduce your electricity use when you install a variable frequency drive for compressor-based electric equipment.

Water Heating

Receive a rebate when you install a high-efficiency water heating system at your facility.

FREE COMMERCIAL ENERGY AUDIT

Get clear insights into your energy use and discover ways to save. Whether you run a restaurant, retail shop or manufacturing facility, you'll get practical solutions to reduce costs and guidance on rebate programs that can help you save even more.

PAID ENERGY AUDIT

Building upon the benefits of our free audit, with this option, we'll sub-meter and monitor* your energy-consuming equipment to give you deeper insights. Our analyst will review equipment size and operating hours, pinpoint process inefficiencies and more. At the end, you'll receive tailored recommendations to help maximize your energy efficiency. A typical paid audit starts at just \$75.

**Available on equipment or panels < 480 volts.*

Visit TampaElectric.com/BizSave to learn more about all our energy-saving programs. You can also call our energy experts at **813-275-3909** from 8 a.m. to 5 p.m. weekdays.
