

**Sit back and earn  
monthly credits on  
your electric bill.**

**IT'S EASY WITH OUR FREE  
PRIME TIME PLUS™ PROGRAM**

# Prime Time Plus is a free and easy way to earn credits on your electric bill, saving you money each month.

Now your heating and cooling system, water heater, pool pump and/or EV charger (if available) can actually save you money.

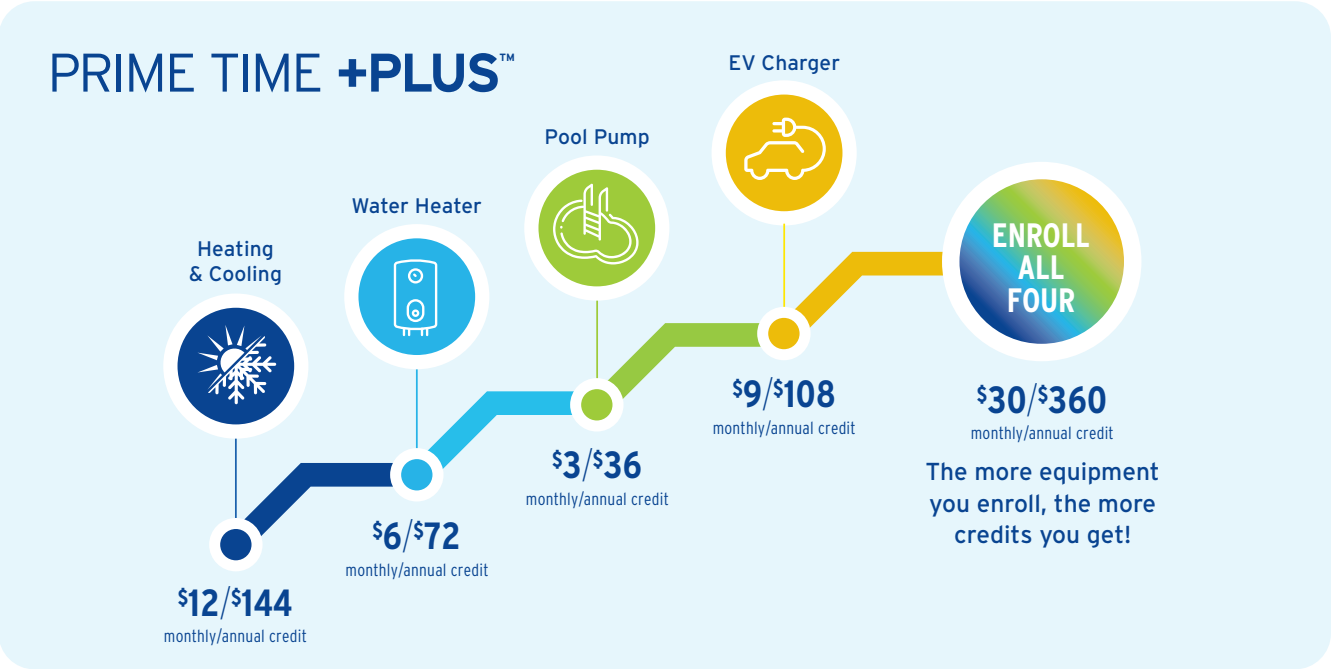

**Add all four pieces of equipment and receive \$30 a month or \$360 per year.**

And, we'll install a free color touchscreen smart thermostat with an app for added convenience.

1. Minimum of 400 kWh/mo. delivered consumption required to receive credits.
2. Adjust temperature settings using flexible scheduling, remote access and geofencing via the Sensi™ smart thermostat. Learn more at: <https://sensi.copeland.com/en-us/savings>

# Here's how Tampa Electric's Prime Time Plus program works.

- Sign up to earn credits<sup>1</sup> on your monthly bill without changing your thermostat settings or when you use electricity.
- We'll install a free smart thermostat to help cut heating and cooling costs by more than 20%<sup>2</sup>. The thermostat includes access to a mobile app. that lets you adjust temperature settings, set flexible scheduling, receive usage reports, reminder alerts and more, whether you're at home or away.
- A small communications control device will be installed near your water heater, pool pump, and/or Level 2 electric vehicle (EV) charger (if available). This allows Tampa Electric to temporarily cycle off the equipment during rare periods of extremely high demand.

This table shows the credit amounts you can earn for each piece of equipment. Enroll all four and receive a credit of \$360 per year. The more equipment you add, the more credits you get!

Equipment	Monthly Credit	Annual Credit
Heating & Cooling	\$12	\$144
Water Heater	\$6	\$72
Pool Pump	\$3	\$36
EV Charger	\$9	\$108
TOTAL	\$30	\$360

*\*Minimum of 400 kWh/mo. consumption required to receive credits.*

## Smart Thermostat and App

The ENERGY STAR®-certified smart thermostat you'll receive at no cost lets you adjust temperature settings, set flexible scheduling, receive usage reports, reminder alerts and more, whether you're at home or away.

## Heating and Cooling Monitoring

- Smart Alerts notify you when your system may need service.
- Service Reminders tell you it's time for routine maintenance or service.
- Usage Reports provide monthly system information.

## Other popular features

- Smart Home Compatible because it works with Amazon Alexa, Google Assistant, Apple HomeKit and Samsung SmartThings smart home platforms.
- Humidity Control helps you stay comfortable with humidification/dehumidification control.
- Keypad Lockout lets you maintain total control by disabling changes made by others at the thermostat.

The smart thermostat offers access to a mobile app that lets you manage your heating and cooling while at home or away.

## Installation

On installation day, our licensed contractor will replace your existing thermostat with a Prime Time Plus smart thermostat. In addition, a small control device will be installed to communicate with your water heater, pool pump and/or EV charger (if available).
