

CRITICAL TASK?

If checked, follow SWP 25.1.E

Energy Supply Job RISK Briefing Form

EMERGENCY: Notify Control Rm – Radio Channel 1

Prepare, discuss and review the job plan with team before beginning work and when a change is introduced.

Date:

Work Order #

Equipment / Unit:

Location:

HEC Lockbox(es) #:

Specific Work to be Performed on this Job:

What other work in the area could affect the safety of this job? What arrangements have been made to eliminate or decrease those affects?

What are the **HAZARDS** associated with the job? Check **all** the HAZARDS that apply.

RISK = Consequence x Exposure x Probability

Gravity	Electrical	Mechanical	Kinetic	Other
Falling from Heights	Electric Contact	Equipment Failure	Moving / Shifting Loads	Chemicals
Falling Objects / Structures	Induced Voltage	Moving Parts	Rotating Machinery	Confined Space
Ladders	Boom / Equip. Contact	Pinch Points	Vehicle Stability	Hot / Cold Surfaces
Trips / Slips / Falls	Arc Flash	Max Loads	Line of Fire	Heat / Cold Environment
		Rigging / Cranes		Pressurized Fluid / Steam
				COVID-19 Pandemic

Other Hazards Identified:

BARRIERS: Check **all** the BARRIERS that apply.

1. Eliminate Hazard		4. PPE / MOT		7. Written Procedures	
2. Minimize Energy		5. Install Warning Devices		8. Training	
3. Install Physical Barriers		6. Minimize Error Potential		9. Observer / Spotter	

OTHER BARRIERS USED TO CONTROL THE HAZARD(S): Check **all** other BARRIERS that apply.

Evacuation / Shelter in Place Location	Emergency Eye Wash / Shower	Hard Hat
Hazardous Energy Control Lockout (SWP 16)	Safe Material Handling & Equipment (SWP 31)	Safety Glasses / Goggles and Face Shield
Line Breaking Procedure (SWP 29)	Safe Manual Material Handling	Steel Toed Shoes
Confined Space Permit (SWP 6)	Safe Chemical Handling (SWP 17 & 26)	Ear Plugs / Earmuffs
Hot Work Permit (SWP 20)	Safe Flammable Handling (SWP 10)	Gloves, Type:
Energized Electrical Work Permit	Compressed Gas Safety (SWP 5)	Respirator, Type:
Excavation Permit	Safety Data Sheet Review	Clothing, Type:
Radiation Work Permit	Ergonomics / Stretching / Avoid Overexertion	Reflective or Hi-visibility Vest
Scaffold Program	Awareness of Surroundings/Communication	Heat stress: Cooling Vests/Fans (SWP 18)
Fall Protection Program	Tool Inspection	Hydration
Barriers / Barricades (SWP 49)	Safe Ladder Use (SWP 27)	Lighting or Area Illumination (SWP 28)
Exposed Blade Cutting Tool Program	Avoid Pinch Points	Air Monitoring, Type:
Electric Safe Practices (SWP 8)	Avoid Line of Fire	Ventilation / Air Movers
Housekeeping	Hoist / Rigging Inspection (SWP 19)	No Personnel Under Suspended
Vehicle / Utility Cart Safety (SWP 47 & 14)	Social Distancing/Face Covering/Handwashing	

Other Barriers Identified:
